Class History

In September, 1956, we entered high school with twenty-five freshmen. Mr. Barney was our advisor. Our officers were Florentine Lancina, Nancy Wright, Ronald Gale, Edward White, and Nancy Martin. The class participated in many activities having ten in band, fourteen in chorus, five on J. V. basketball, two on the baseball team, and four J. V. cheerleaders.

We started our sophomore year with eighteen members, with Mrs. Haight and Mrs. Rampe as our advisors. Our officers were Ronald Gale, Florentine Lancina, Sandra Martin, Phil Adee, and Barbara Rowe. We had nine in band, twelve in chorus, three on J. V. basketball, two on the baseball team, two Varsity cheerleaders, and four J. V. cheerleaders.

As juniors we had a total of fifteen members. Our officers were Ronald Gale, Phil Adee, Nancy Martin, Nancy Galbreth, and Dolores Herb. We had nine in band, nine in chorus, one on Varsity basketball, two on the baseball team, and two Varsity cheerleaders. Football returned to M. H. S. and we had two boys on the squad supported by three of our girls on football cheerleading.

When we entered our last year at M. H. S., our class had dwindled to fourteen members. Our officers were Nancy Martin, Ronald Gale, Sandra Martin, Dolores Herb, and Phil Adee. Mrs. Haight, Mr. West, and Mr. Church were our advisors. We had five in band, nine in chorus, three on Varsity Basketball team, three Varsity cheerleaders, one on the baseball team.

Class Will

We, the Senior Class of 1960, of Milford Central School, in the town of Milford, in the county of Otsego, the state of New York, United States of America, on the planet of Earth, being of unsound minds and bad memory and considering the uncertainty of this frail and transitory life, do therefore make, ordain, and publish, and declare this to be our last will and testament.

George leaves his "lab" technique to Francis Perry. Dolores leaves her basketball ability to Frank Gomiller. Sandy leaves her driving ability to Loretta Menhart. Nancy Galbreth leaves her shy ways to Gloria Krebs. Ronnie leaves his unused comb to Hugo Beck. (of course he will never use it) Phil leaves still in a daze over the senior trip. Eddie leaves his tire marks on the road as a challenge to Dick Haight. Allan leaves his pink shoes and blue pants to anyone who dares to wear them. Lura leaves her French 3 book to Virginia Thomas. Joyce leaves her flirting ways to Ray Nearing. Nancy leaves her forgetfulness in hopes that her memory will improve. Dick leaves Loretta wishing that she could go too. Adlain leaves her right to stay out all night and catch up on her sleep in school to Kathy Gorence.

Class Prophecy

Once again I'm standing in front of the White House. The first time I stood here was years ago.

The White House is now trimmed with purple! As I walked up the path I wondered who had allowed this to be done.

I stopped to ask a man about it and found him to be "Red" Johnson, an old classmate. Red told me he was putting his football training to use by running messages for the President. Telling me more about the messages, he said they were to a girl who had her own show (men only) at a big night club. The star of the show was "Bubbles" Cornish. He told me to go to the Bureau of the Budget. Hailing a cab, I found the driver to be "Hotrod" Herb with her Chevy.

When I arrived at the headquarters, the car door was opened by none other than the Romeo of the class, "Lover Boy" Gale. He opened the door quickly, helped me out and then placed a light kiss on my lips. I told him of my problem. He took me to the office of "Filibuster" George, so named because he is still opposing any new ideas which might cost the country more money. George told me his orders came from the Security Council. Thanking George, I started for the Security Building.

While I was walking, I suddenly looked up towards the sky. There was a familiar sight! Two of my classmates were at it again. It was Sandra Martin, the well noted sky writer, and her driver "Speedy" White. They had to hire her a chauffeur because they still won't let her drive on the ground. (it just isn't safe.)

When I got to the Security Building the door was opened by "Dresser" Payne. The first thing I noticed was the coat. It was the one he wore at graduation. He always said he would wear it out. Dick talked about "Mother" Galbreth who beat his record of fifteen children with twenty. Mother is now living in Edmeston on a farm. Dick married his high school sweetheart.

Leaving Dick at the door I hurried through the halls. There I found "Frenchie" Burch. Lura said she was helping in our relations with France and was doing a fine job of it. I then hurried off for the Capitol. As I was on my way, in the middle of Pennsylvania Avenue I saw "Seller" Martin. I was very much surprised; she was still selling magazines. I guess she had so much of it in school that she just didn't know when to stop. Nancy told me she had earned five degrees in Science, but missed her sales talk, so she went back to it. Leaving Nancy I went on to the Capitol.

I got to the bottom of the mystery of the purple trim. Who else could it be but Phil Adee? He always did have to know all that was going on, so now as President he could. He told me that he painted the trim purple because he missed M. H. S. and her old school colors.

Now that all this is over, I think I will just go back home and take care of my twenty-nine children, and all my ex-husband's farms.
